## Food for thought

### GETTING INSPIRED BY YOURSELF

Inspiration can come to anyone at anytime; you can create a conducive climate within you so that you get self-inspired. For self-inspiration, both your heart and mind need to be relaxed, so that you are in leisure mode.

Isaac Newton was relaxing in the garden when he saw an apple fall. He had the leisure to ask himself why the apple fell straight on the ground and did not go upward. He found the answer and gave to us the law of gravity.

For our rushed lives the prayer of the American poet, John Green leaf Whittier, is so relevant: Drop they still dews of quietness, / Till all our strivings cease / Take from our souls the strain and stress,/ and let our ordered lives confess,/ The beauty of Thy peace.
