Appraisal words from Ziac Management to our Customer Support Executive

“ Yesterday our Support Executive **MR. Raghavendra** had visited Annapoorna Motors, Bellary. He re-installed the wheelz and gave training to their workshop staff successfully in spite of virus attack he completed the task. They were very happy about the visit and raghavendra interaction. Raghavendra called from the client place and informed about work completion. He also informed the Hero Honda Service Engg. Mr. ShashiKumar about the work completion.

Later Mr. Shashikumar spoke to Annapoorna motors staff and he was very happy to send me a SMS about the work completion. The SMS reads like - **Thanks for the support on installation n training to bellary dealer staff.** Later I called him and spoke to him, he was really happy to receive the timely support and also praised raghavendra for training the workshop staff.

Raghavendra - CHEERS TO YOU, KEEP IT UP AND continue the good show GOING. You deserve a gift for such good comment from clients. Timely information will help us a lot, Thanks a lot for the information and updating relevant persons in time.”

From Mr. Rajesh,
