### Banashankari

Banashankari is а neighborhood in South Bengaluru. It gets its name from the Banashankari Amma Temple on Kanakapura Road, one of Bengaluru's oldest and most famous temples, which was constructed bv Subramanya Shetty in 1915.

# Have you Ever Said Thank GOD it is MONDAY

f we scrutinize today's life, every one is busy with their official work People are finding difficulty in concentrating on their personal life. We need to organize our life style which is nothing but managing our time.

In day to day life we can experience the situation where time will be wasted for example, creating inefficiencies in work by implementing first instead of analyzing first.

Poor organization in the work we do, lacking priorities, standards, policies & procedures. Ineffective meetings in the office.

We can save time by

- Managing the decision-making process, not the decisions.
- Concentrating on doing only one task at a time.
- > Establishing daily, short term, midterm & long term priorities.
- Throwing unneeded things away.
- Establishing personal deadlines & ones for organizations.
  - Not wasting other people's time.
- Ensuring all meetings have a purpose & time limit.
- Include only essential people in the meeting.
- Keeping things simple.
- Using checklists & to-do lists.
- Maintaining accurate, work calendars.

Health and intellect are the two blessings of life. Happiness lies, first of all, in health.

Sleep is a healing balm for every ill. A healthy person needs minimum 7 hrs good & uninterrupted sleep.

Most diseases are the result of medication, which has been prescribed to relieve and take away a beneficent and warning symptom on the part of Nature.Take care of your body with steadfast fidelity. The soul must see through these eyes alone, and if they are dim, the whole world is clouded.

We can be happy, even with very little in our lives, but the minute we're given something bigger and better, we want even more!

Sleep well on weekends, Motivate yourself & you can say " Thank GOD it is Monday".

-- Rashmi Pradeep

### ZIACPAY

### **Client's Testimonials**

Dear Gee..

IT slip report is working fine. Thanks for the support.

Regards

Rashikumar

# Your Planet Needs You

- ≻ Don't go anywhere without your cloth bag so you can just say no to plastic whenever you shop.
- Travel short distances by walking. ≻
- > For long distances try car pooling or public transport.
- Keep your 2 wheeler / 4 wheeler tyres inflated to the correct pressure.  $\succ$ If you're one of the lucky few blessed with clear stretches road on your way to work, use cruise control, as it saves fuel and also helps you maintain a constant speed.
- Save water in simple ways like not letting the tap run while shaving your face, or brushing your teeth.
- $\geq$ Insulating your water heater will help save valuable energy, and you can go the extra mile by installing shower heads with a low flow in your bathrooms for bathing purpose to help save
- Use towels for drying your face and hands instead of tissues that are used and thrown away.  $\geq$ Also, hang your towels to dry so that they can be reused several times. You are after all clean when you use them.
- > Juice or yogurt lovers can do their bit by buying juice in concentrates and yogurt in reusable containers instead of single serving packages.
- $\geq$ IF you're among the majority of drivers who spend their mornings stuck in traffic, consider turnings your engine off if you will be idling for long periods of time.

# <u>Brain Teaser</u>

**Previous Edition's** Answer. Let a=b=1 a\*a = a\*b  $(a^{*}a)-(b^{*}b)=(a^{*}b)-(b^{*}b)$ (a+b) (a-b) = b(a-b)Divide above equation bv (a-b) a+b=b if a=b then a+a=a 2a=a Thus, 2=1 Correct answer came from Shwetha of Ziac & Shamshuddin, ex employee of Ziac

This month's question

There is one word in the English language that is always pronounced incorrectly. What is it?

# List of enhancements done on customer's request

Wheelz Alerts	<ol> <li>Templates have been changed for all the types of sms reminders</li> <li>The warranty information provided for the particular vehicle brand can be sent in vehicle sales, thanks for servicing, insurance renewal sms.</li> </ol>
Ziacpay	Option to take the report of Form D, Form XIV, Form XV and LWF letter.

## System Maintenance Tips

By Mr.Kanthraj

- If you use your computer more than a few hours per day, we suggest you not to turn off your computer at the end of the day. Instead turn off only the monitor to save electricity. Daily power up and down makes the components exposed to high and low temperature cycles that are not good for the life-time of the components, particularly the critical ones such as hard drives, CPU, and memory. The temperature cycle would result in expansion-shrinking cycle for the components. The life-time of electronic components would be increased if they are run at constant temperature with adequate ventilation.
- If your area experiences a few times of power outage per year, it is necessary to use a UPS. Sudden power downs while the system is running may cause severe damage to hard drives.
- ✤ A tape backup and a lock to make systems hard to move are worthy investment for critical data.
- Use your hand to touch and feel the cover of your computer at least once a week. The cover should be at room temperature. If it feels warm there may be a problem! Check to make sure that the cooling fans on the power supply and CPU are working properly. Clean the air pathway on the back of the power supply on a regular basis.
